Software Engineer

Objective

To obtain a 6 month internship from 2015 February to August as an IT engineer, which will require me to utilize my skills, abilities and experience in the engineering and development field.

Asian Profile

I am interested in Asian Culture of innovation and its way of working. I did two semesters in Taiwan: as a student and as an intern. I passed the **HSK 2** and I am now studying at SHU (Shanghai University) as an exchange student. My experience at EZTABLE allows me to feel confident in working in a different culture and language environment.

- Fall 2014 **Sino-European School of Technology of Shanghai University,**
上海大学中欧工程技术学院
Master 2, International Engineer exchange semester
This College have strong partnerships with Chinese Factory and the provide Cultural & scientific study trip, Company visits and Conferences and Interdisciplinary industrial project.
- Fall 2013 **EZTABLE 三二三網路科技股份有限公司**(Taipei, <http://www.eztable.com>)
6 months internship in the Data Science team.
Online restaurant booking company in Taiwan.
- Spring 2012 **National Central University, 中央大學**(Taiwan)
Exchange student for last semester of common core
The Bachelor classes were in Chinese. I had to learn by myself with English book.

Skills

- Coding **NodeJs, Java, J2EE**
Depth knowledge of oriented object programming.
- Databases **SQL and NoSQL** Databases
- Designing **UML 2.0**, Meurise

Work and training history

- Fall 2013 **EZTABLE 三二三網路科技股份有限公司**(Taipei, <http://www.eztable.com>)
6 months internship in the Data Science team.
Use API to get data, store the data in both SQL or NoSQL databases and compute some chart with HighchartsJs.

Education and qualification

- 2012 to **University of technology of Belfort Monbeliard** (Eastern of France)
August 2015 *Master of Software Engineering*
Analysing, designing, displaying and administering computer and telecommunication software and systems.
Developing human, scientific and technical aptitudes in leading and managing projects, while mastering the tools, the resources and the quality of these projects.

Leadership and achievement

- 2009 to now **Fédération des Eclaireuses et des Eclaireurs Paris (Scout)**
Scout leader - Every two weeks and three weeks in July
Conceptualize and plan with a team, outside activities for children or teenagers.
- August 2010 **Les Glénans Marseillans** (Sailing Center)
Sailing (catamaran) instructor: teaching teenagers and adult classes.
Prepare courses and teach them until carry on their security on their boat.
